Arrived at Stanwood, Mr. Blaine's cottage, the President and Secretical Research of the stroke went from thirty to thirty-eight like a flash, while the Canadians went to The double sculls was a battle of aquatic giants. There were the Metropolitans, the made and walkel along the wharf out into the street, where carriages were awaiting them. Arrived at Stanwood, Mr. Blaine's cottage, the President and Secretary of State were received by Mrs. Bisine.

THE OLD MADE YOUNG.

Wonders Worked by Dr. Brown-Sequard's right, with a couple of spurts came up

the place. Winnipeg's time, 8:33; Toron been gradually sinking away and for weeks has not been able to leave his bed. Dr. Brainard injected a dram of the fluid into the old man's skin and the next day he arose and walked a mile. He described himself as feeling twenty years your ger. Other Cloveland physicians will soon experiment with the clirk.

Cincinnati College of Medicine and Surgery, conducted a series of experiments Thursday with Brown-Sequard's discovery. Tests were made on a dearn subjects. The first two patients were Thomas Alborn, an Englishman 55 years old, and Fielden Weir, a colored ex-lave, 70 years of age. The latter was bent and crippled with the rhoumatism, and Alborn crippled with the rhoumatism.

\*\*Cincinnati, fine a content the timese quarter the peace of the first two patients were the described the Torontos in the same through the association of their cripts and the timese of their thread and the three-quarter the cripple and the three-quarte crippled with the rheumatism, and Alburn had been lamed by eryspieles. The liquid was injected into the arms and lega. When both subjects returned at 7 o'clock in the evening they could walk with case, and to show his relivenation Weir kicked with both feet as ligh as his head, ran about the room and anced. He cried over the state of the sta

Jourstown, Pa., Aug. 10.—Two more bodies were taken out of the sand Friday. One was identified as that of Alexander Hamilton, Jr., a prominent resident of the sensation as a great many bodies to be found in the cellars and other places where there are piles
